

HOW TO ACTIVATE CLOUD RECORDING PRO

AFTER PURCHASING

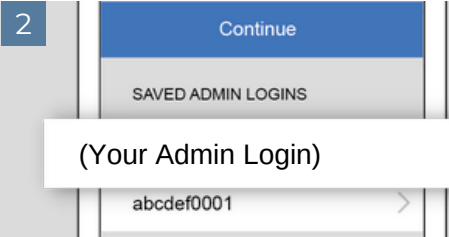

1

App security >
FURTHER FUNCTIONALITY
Administration >
WiFi Setup >
⊞

Open the DoorBird App, click on the Settings Icon and select ADMINISTRATION.

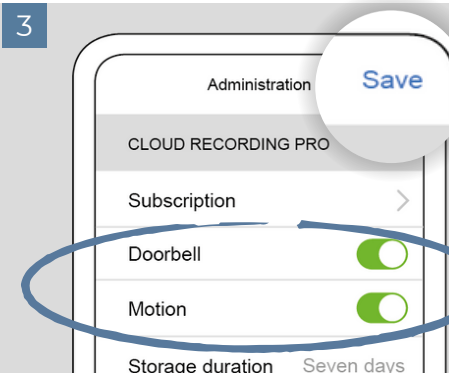

2

Continue
SAVED ADMIN LOGINS
(Your Admin Login) >
abcdef0001 >

Login with the Administrator credentials (e.g., using the QR code of the Administrator user) or use the saved admin login, in case it was saved before.

3

Administration **Save**
CLOUD RECORDING PRO
Subscription >
Doorbell
Motion
Storage duration Seven days

Scroll to the Cloud Recording Pro area and activate DOORBELL and/or MOTION events. Press SAVE and wait for up to 5 minutes until the changes are active.

Cloud Recording Pro requires 0,5mbit/s upload bandwidth in addition to the bandwidth requirements of each DoorBird IP Video Door Station.

A license for Cloud Recording Pro is active for exactly one year after the current license is paid. A cancellation or refund of an active license is not possible. A week before the current license runs out, a new order will be automatically created and sent to the e-mail address of the last order. This e-mail contains order details and a payment link for the follow-up license. Once a payment is deposited, the license is renewed for another year. If no payment is made, the license expires automatically. No cancellation is needed.

CLOUD RECORDING PRO FEATURES

- Unlimited number of Doorbell event recordings (HD video 720p, no audio)
- Unlimited number of Motion Sensor event recordings (HD video 720p, no audio)
- View and download video recordings directly from the DoorBird App
- View and download event recordings
- Convenient search filter
- Recordings will be stored for 7 days
