

A8004

AC/DC CONVERTER

To convert an AC voltage into a DC voltage.

TECHNICAL DATA

The AC/DC Converter A8004 is used to convert an alternating voltage into direct voltage. The product can be used if there is already alternating voltage that cannot be replaced instead of direct voltage at the installation location of the door station. The converter requires at minimum a transformer with 30 VA at the input.

Relevant for USA/Canada: The AC/DC Converter is also compatible with the DoorKing® AC Transformer "1804-059".
